

ABOUT ME

I am a hardworking person who likes doing everything well and surpass myself every day. I consider myself a disciplined person who knows how to enjoy what I do and at the same time I'm professional and I take it seriously. I am open to everything I'm asked for and I love learning, that's why I've learnt 12 different dance styles from different choreographers from around the world! I am easy to work with, grateful and love giving the best energy I can to everyone around me. I'm very creative and willing to do a lot of things (I don't really like resting because I get bored) Besides performing arts I also love creating content for my social media.
